Tina Ferguson, CEO of Rapid Success Partners, a leadership development and accelerated growth consulting company, unites the practical know-how of business with the heart-centered side of making a difference *through business*.

For more than two decades, Tina has been teaching executives, entrepreneurs and business owners how to play the game of business and win. She has spoken to small association groups and large corporate events. Each presentation speaks to the individuals in the room regardless of the group size.

Tina began her entrepreneurial adventure at 13 when she started her full-time babysitting company where she earned nearly as much as her mother did working her day job – all while she slept! From there, her business experience grew until she learned she had a special ability to support people in seeing what is possible. From that point on, she's been a catalyst supporting people to believe in and create the life (and business) of their dreams.

In addition to being an award-winning marketer, strategist and author, Tina is a popular business intuitive who challenges conscious entrepreneurs to create big visions for the business world and themselves. Also known as "The Queen of Dreams," she has a top-rated spiritual internet radio show where she shares insights about how to work with all parts of the manifesting puzzle.

TESTIMONIALS

"How does it feel to know you have completely changed the course of a life? How does it feel to hear you have completely changed the course of MANY lives? What greater gift is there than to show people where they are, show them who they REALLY are and to give hope by assisting in reconnecting their true selves with their current being? Thank you does not seem to be enough, but, thank you."

– Susan Tate, Award-winning Designer & Entrepreneur

"I had already experienced one business failing that resulted in bankruptcy and was facing another one when I met Tina at a conference. She offered to help me get clear about what was really holding me back. I knew something good was going to come from our meeting, I just didn't know what. After six months, my struggling publication that was about to shut down, grew 50 percent larger, I increased my revenue 300 percent, and attracted some of the most well-known names in our industry. I can't believe all of this happened so fast. I know without a doubt that without her guidance I would not be in this place today."

– Debra Ann Jacobs, Creator of Mystic Pop Magazine

"In the past 3 months of working with Tina both my personal energy and my business success have sky rocketed to new levels. I have done other similar type of work with coaches but never have my own understanding and vision come together so quickly and powerfully. I know what I need to do and am committed to doing it. Working with Tina is like taking the Concorde, the fast track to where you want to be. Get ready to enjoy the ride."

– Minette Riordan, PhD, Publisher of North Texas Kids and Owner of Scissortail Publishing
